

## Tips of the MonTh:)

Is not that we are losing shoes around, but shoes break that's sure, and we Love them. They....

## LOST ISLAND PARADISE

took us to so many places, and looking at them we remember...

So here are the steps, easy to follow, first, take your favorite lost' shoe, it can be a boot too, put some soil on it and then trough some grains, please, no tomatoes!, like any of the seasonal mix flower that take little soil and give color. Don't forget to water and wait to enjoy your Lost Island Paradise.

If you got lost in some part feel free to call me or bring me your lost shoe for me to transform it for you:) Where, you can contact me? by email or by phone and we arragent to get together. See you:)

What we do...

Consulting ... space planning, rearrangement, fixtures, or accessories, selecting color schemes.

Interior Design ...affordable green and alternative materials.

Artistic Painting ... ask for estimated or ideas.
